Education

University of Central Florida Orlando, FL

Bachelor of Science in Computer Science (GPA: 3.7) *Expected May 2027*

- **Relevant Coursework:** Data Structures & Algorithms, Computer Organization, Object-Oriented Programming, Discrete Structures, Database Systems, System Administration

Projects

TruthMeter | *Python, JavaScript, React, FastAPI, Google ADK, Gemini API*

- Developed a Chrome extension that can fact-check online news articles in real time.
- Scrapes the current page HTML and sends it to an AI agent environment as a JSON file for analysis
- Extracts key claims, researches multiple sources, and evaluates credibility and bias using a custom Google ADK and FastAPI, leveraging multi-agent collaboration to deliver unbiased evidence-based verdicts.

pngPal | *Python, JavaScript, React, Electron, Flask, ElevenLabs API*

- Developed a desktop app with a team of four using Electron and React that allows users to speak with an embedded AI assistant chatbot.
- Used a Flask server to bridge frontend and backend operations in Python using hooks to sync with the ElevenLabs API for seamless conversation.
- Achieved sub-5-second end-to-end voice response time from the time of user speech input.

Experience

Math tutor August 2020 - January 2023

Wellington High School *Wellington, FL*

- Volunteered to provide one-on-one tutoring to students in Algebra and Geometry, helping improve academic performance.

Busser August 2020 - December 2021

Outback Steakhouse *Wellington, FL*

- Delivered high-quality service through quick and efficient workflow in a fast-paced restaurant environment.

Extracurriculars

Knight Hacks Orlando, FL

Member *2024 – Present*

- Participate in hackathons, workshops, and technical programs that promote skill-building in computer science through collaboration and hands-on learning.

Technical Skills

Languages: Java, Python, PHP, C/C++, JavaScript, HTML/CSS, SQL
Frameworks/Technologies: React, Tailwind, Vite, Node.js, Express.js, Flask, FastAPI
Developer Tools: Linux, Git, VS Code, Eclipse, Docker
